Organization of the Knoxville

The Enterprise to be Pushed Forward Vigorously.

Knoxville has at length awakened to her sense of duty with regard to the much desired connection with the Cincinnati Southern railway, by the most desirable route, and the ball has been set in motion by the organization of a stock company entitled the Knorville and Cincinnati railroad company.

At a meeting of the stockholders of said company, in this city, Tuesday, 11th inst., the following gentlemen were elected directors: D. A. Carpenter, president of the Knoxville Fire Insurance company; W. W. Woodruff, M. J. Condon, H. Coffin and W. R. Tuttle, president of the Knoxville Iron company, of this city; Hon. R. K. Byrd, of Roane county; Capt. H S. Chamberlain, president of the Roane Iron company, Chattanooga; Wm. Cross, of Anderson county, and Hon-J. G. Scott, president of the Oakdale

Iron works, in Roans county. At a meeting of the directors held yesterday, D. A. Carpenter was elected president; H. S. Chamberlain, vicepresident; W. W. Woodruff, Trea urer, and H. Coffin, secretary.

The books of the company are now open for subscriptions to etock, and these gentlemen will give material aid in this important undertaking. As will be recognized at a carles the tafa t safety through the cecthing pewas suggested that the only remedy is glance, the enterprise is in the hands red. I performs precise y what it professes to kill the dogs, Capt. C. E. Dann, of of solid, substantial and representative men. They make a start to a manner that signifies they mean business, and it seems the day is not far distant when Knoxville can have the desired railrend connection, if our business men will enlist themselves in the cause.

Sale of Unclaimed Freight.

The large auction sale of unclaimed freight by the E. T., V. & G. railroad company, will commence to-day, as has been advertised. The sale will take place in the old Virginia depot. There is a great quantity of this freight, of all shades and descriptions, it being an accumulation of four or five years, and is to be sold for the charges. Since it was advertised, much of it has been redeemed on payment of charges, thus reducing the bulk considerably.

S. T. Williams, a prominent druggist of Sali-bury, Mt , wrote, January 25, 1878; "Send me one dozen Tut.'s Pills, and if they prove what you claim for them I will order more." February 19, he write: "Send me two dezen more of Dr. Tutt'e Liver Pilis by return mail. They are doing wondera hare."
